Vicar's Shield

The Vicar's Shield is to be conducted as part of the PGA Professionals Championship Final. The Vicar's Shield will be awarded to the leading State/Division and is calculated on the best two aggregate scores for the three rounds of competition. Should a tie occur, a count back system will be applied to establish the winning State/Division. Each State/Division will nominate two (2) professionals who have qualified at their State PGA Professionals Championship to represent their side in the Vicar's Shield. Should a ballot be required which would see a member come from another state to fulfil a state's allocation, and at which time the state does not have two representatives in the field, such member who took their place in the field via the ballot will represent the state in question.
